

Join us for our annual Day on Campus open house event on Saturday, March 21st. Come and learn the latest news about our ministry, tour our campus, attend a special program featuring testimonies and performances from our residents, and enjoy a free picnic lunch as we celebrate the exciting work your support enables us to do.

We will be highlighting several special areas of interest at this year's Day on Campus. Come meet with staff from our Madison Youth Ranch to hear about the impact of our newly opened second campus in the lives of children in North Florida. Also tour our recently expanded private school Aldersgate Academy and learn about the unique social emotional learning tools our teachers are using to transform education for our residents. For Alumni, come gather at our Alumni Pavilion to connect with old friends and share memories about growing up at the Children's Home.

For 2015, we welcome the Atlantic Central and South East Districts as our specially invited guests. Join with the many friends, families and United Methodist churches who gather at this great event to celebrate the ways God is working within this ministry to make a difference in the lives of children.

#### Schedule of Events
