# THE HERALD

WINTER 2018

VOLUME 28/NO.1

Empowering children and families to experience the transforming love of Christ through wholistic care.

## A *word* FROM OUR PRESIDENT

**Kitwana McTyer**  
*President & CEO*  
*Florida United Methodist Children's Home*

In early March, we had our quarterly meeting of the Board of Trustees and our Leadership. The most important item that came out of that meeting was the approval of our 2018-2021 Strategic Plan. Every couple of years, we go through the process of reviewing and revising our long term goals and values to make certain that we are providing the best services and care for the children, coupled with being good stewards of your support.

As part of this process, we take a deep look at who we are, who we serve, what we do, and why we do it. One of the results was that we revamped our Mission and Vision. With input from our Leadership Team, our Board of Trustees updated our mission statement: **Empowering children and families to experience the transforming love of Christ through holistic care.** This alludes to the great breadth of services that are necessary to help our children heal and become successful.

As we move forward, our vision statement says that we will be: **Creating wholeness in children and families through Christ.** This confirms our commitment to the healing process for our children and their families, as well as our commitment to the ministry.

We also developed four priorities to ensure that we provide quality services well into the future. Those priorities include:

1. Growing our partnerships with the Florida United Methodist Churches,
2. Growing the resources necessary to continue caring for the children and their families,
3. Continue to develop our team members in terms of their training and skills, so they can better care for the children and families we serve, and
4. Grow the strength of our Board of Trustees in terms of their support and guidance of this great ministry.

As you can see, from our mission to our priorities, it's all about the children. We feel blessed to have your support, and we look forward to the care and healing that can be provided over the coming years.

Sincerely,

**Kitwana McTyer**  
*President & CEO*  
*Florida United Methodist Children's Home*

# GO SHOPPING, SUPPORT THE CHILDREN

Did you know that you can support the Children's Home by just going shopping? While it sounds too good to be true, there are actually three ways to do it. The first is to simply visit our Heart & Home Resale Shop located in Orange City. The Resale Shop carries a wide range of gently used furniture, clothing and home goods, all at great prices. All proceeds benefit the Children's Home.

Do a lot of shopping online? Not a problem. Amazon Smile shopping allows a portion of your purchase to be donated back to the Children's Home. All you have to do is use this link (<http://smile.amazon.com/ch/59-0638479>) and then shop on Amazon like you normally do.

Planning a trip or vacation? Favorite Hotels Collection works similar to sites like Travelocity. When you use Favorite Hotel Collections to book your trip, a portion of your cost is donated back to the Children's Home. Just enter this link, [www.FavoriteHotelsCollection.com/partners/funch](http://www.FavoriteHotelsCollection.com/partners/funch), and begin booking your next trip while supporting the children.

## ANOTHER GREAT DAY ON CAMPUS

On March 17th, more than 1,000 United Methodists and other friends of the Children's Home enjoyed a fun and festive day. Our annual Day On Campus is our way of saying thank you to the United Methodist Churches in Florida, and many other friends, who support the Children's Home with their generous gifts throughout the year. This year's special guests included the North West, North Central, and North East Districts. The children put on a special presentation with the theme, A Day In The Life At The Children's Home. Through songs, skits, and testimonials, they took our guests through a typical day.

## Mark your calendars now for next years' Day On Campus – March 16th

# OUR MADISON YOUTH RANCH CONTINUES TO GROW

**M**uch has been going on at our north Florida campus, including the completion of two new buildings and the arrival of a new administrator. The first building completion is our new Chapel. This will allow the children to have their very own place to worship, as well as providing space for music lessons and other activities. It includes a complete audio-visual system with screen, and seating to accommodate 90 that can be arranged for different youth group activities.

*The Ranch's new Chapel*

The second building that has just been completed is the Counseling and Support Services Center. This multifunctional center will provide space for therapists to work with the children as they move through the healing process. The center also provides meeting and training space for the staff, a clinic and office space for the nurse, and even includes a safe room for the children in case of inclement weather.

*The new Counseling & Support Services Center*

In addition to the completion of these new buildings, the Madison Youth Ranch has a new Administrator. Maurice Ware brings over 24 years of experience in education and residential youth services, including psychiatric care. Early in his career, Maurice was the Assistant Principal at Albion Senior High School in Albion, Michigan. During his time there, he implemented a behavior management program which led to a 40% reduction in out of school suspensions. He has also served at various youth care facilities, and was the President & CEO of The Children's Home in Winston-Salem, North Carolina.

As the Administrator of the Madison Youth Ranch, Maurice will be responsible for the operations, planning, development and implementation of programs there. As a part of those operations, he will be responsible for maintaining the Ranch's licensing and regulatory compliance.

Maurice has been married to his wife, Paula, for 23 years, and they have four children. Three of them are adults, and they have one sixteen year old still at home. If that doesn't keep him busy enough, he also has two grandchildren; a boy and a girl. We feel blessed to have Maurice as part of the Leadership team at the Children's Home, and we look forward to the great work that we know he will be doing at the Ranch.

*Maurice Ware, Administrator, Madison Youth Ranch*

## **RUTH & MIKE MOORE RETIRE**

It is with immense gratitude and a measure of sadness, that we announce the retirement of Ruth and Mike Moore. Ruth served as the Director of Community Relations and Support Services where Mike simultaneously served as the Director of Facilities at the Madison Youth Ranch.

Ruth first joined the Children's Home in 1984, and served in a variety of roles over during her 34-year tenure. Prior to the Director of Community Relations role at the Ranch, she served in the Development Department on the Enterprise campus, and later as the Executive Assistant to several President/CEO's. In 2013, former President Mr. Michael Galloway selected her to move to the Madison area to cultivate relationships necessary to start the Madison Youth Ranch. She served as a great ambassador for the Ranch.

Mike joined the Children's Home in 2012, and was the first staff person on site in Madison to guide the preparation and phase one of construction of the Ranch. Mike was the point person on construction projects on that campus, including the new Chapel and Counseling & Support Services Center.

The Board of Trustees, staff and children at both campuses of the Children's Home wish Mike and Ruth well as they open this new chapter in their lives.

# Dianna's Story

At the Children's Home, we use a cognitive behavioral model known as the Teaching Family Model. Since we began using it more than a year ago, we have seen tremendous results with the children. It is based on the belief that much of the behaviors people display are learned. By providing positive, caring relationships and teaching new skills, behavioral issues can be overcome and new behaviors taught.

The Teaching Family Model has three separate levels, each with its own required skills. As the children progress and learn new skills, they "graduate" from one level to the next and begin learning other skills. The Model has three levels:

- **Fundamental** – The first level involves learning many basic social skills, and has the highest structure of the levels.
- **Progressive** – This intermediate level still has some structure, but allows youth to earn more privileges.
- **Self-Determination** – The highest level, has the lowest amount of structure and the most freedom for youth.

In addition to learning the skills at a given level, the youth have to prepare a presentation for their houseparents and therapist explaining why they are ready to move up to the next level. Here is part of Dianna's presentation.

*"Ten months ago, I never would have imagined myself being in a children's home. I totally ignored the fact that my consequences could have brought me to the place I am now. I was blaming the people around me. From my point of view, nothing was ever my fault. Then out of nowhere, the Children's Home enters my life.*

*Prior to my arrival at the Children's Home, I was in an abusive household. Because of the situation I was in, I developed certain behaviors that weren't so pleasant for a teenager. Although I went through these troubling times, it has helped me get to the place I'm at today, and has taught me many valuable*

*lessons. Now, I want to live with God and escape the hands of the Devil. I now know how to communicate with peers and adults in a respectful way. The inappropriate thoughts I had prior to coming to the Children's Home are now irrelevant. I now live with integrity and positive intent. I'm a positive role model for my brother and sister now because of the Teaching Family Model. I'm extremely grateful for this and cannot express my gratitude.*

*Thanks to the Children's Home and the Teaching Family Model, I now live my life in a simple and serene fashion."*

The success of our youth is real, and would not be possible without your support. If you would like to send a gift to support children like Dianna with their daily needs, just use the envelope enclosed in this magazine.

Make a gift today.  
Leave a legacy for tomorrow.

# Blended Giving

So many times in life we think we must choose between two alternatives, like two different cups of coffee. When making a gift, many people feel like they either have to choose between making a sizable gift now, or holding off on making their intended gift until much later when they know they no longer need the asset. With the first option, they would receive up-front tax benefits and see their gift at work. With the second, they maintain the flexibility in the event of unanticipated needs.

Similar to finding your perfect coffee blend, there is a way to blend your personal philanthropy that is right for you.

The idea is that you make a starting gift with a current gift of cash, securities or real estate. Then you find the planned gift method, maybe a bequest, charitable trust or gift annuity, that works best for your situation.
