The Florida United Methodist Children's Home was established in 1908 in Enterprise, Florida on the banks of Lake Monroe. The Children's Home provides services to families and children from childhood to adulthood. Our Residential Care Program provides school-aged children who have been victimized by abuse, abandonment, or neglect with a family-style home environment cared for by loving houseparents, and includes education, counseling, recreation, and ministry opportunities. The Children's Home also provides Foster Care, an Emergency Shelter, an Independent Living Program and early childhood education to the community, and is supported primarily through the generosity of churches with the United Methodist Florida Conference, individuals, and legacy gifts.
