Empowering children and families to experience the transforming love of Christ through wholistic care.

## A *word* FROM EARLY CHILDHOOD EDUCATION

**Jayne Carroll**

*Director of Early Childhood Education  
Florida United Methodist Children's Home*

We are now going into spring and the children have become fascinated with collecting acorns. The acorns come in many sizes, shapes and colors and fill every pocket and container available to the children. Some that they have put into plastic bags sprout as a result of the condensation in the bag. We marveled together at the beginning of a tree. We talked about the big tree by the chapel and wondered if a child had found and handled that acorn before it found its way into the soil to be nurtured to its full growth. For us as teachers, it is amazing when the children turn a simple lesson we are presenting into a complex lesson for us as adults.

The In As Much Early Childhood Education & Development program has been a licensed early childhood educational program that serves children from birth to twelve years of age for 38 years. During the first week of October 2018, In As Much moved from our home of 38 years in historic Randall Hall to the new Lamar Louise Curry Early Childhood Education and Development Center. The transition was smooth for our families as we finished on a Friday in the old building and welcomed our families into our new building on Monday morning with no interruption in care.

The Lamar Louise Curry Early Childhood Education Development Center is a state of the art building. The children have beautiful work areas that include a media center with library, computer lab and STEM areas. Our students are thriving in their new environment. In January, we studied Asia, Antarctica and Antarctic Biome, the Southern and Arctic Oceans. In February, we studied American Black History and the brave and famous people who led the way to equal rights. We enjoyed a display of Black American artifacts and art. The children also learned of the early hardships they endured. In March, the children are studying the earth, recycling, insects and butterflies, plants and flowers, and Spring weather.

The children oversee a beautiful garden area and are now harvesting cabbage, lettuce, tomatoes, broccoli, cauliflower, kale, radishes and a wide variety of herbs that have provided our kitchen with a variety of fresh produce. We also planted strawberries, brussel sprouts and winter squash.

Parent involvement is a priority at In As Much. We recently had our Parent Advisory Committee meeting and our first ever All Pro Dads meeting. All Pro Dads is a national breakfast club that encourages relationship building between fathers and children. It also engages a father's involvement in their children's educational programs. As we are settling into our new home, we are starting to explore new opportunities that this new space will allow. We are working with a neighboring organization to discuss the possibility of partnering with their work force program to create an apprenticeship program in Early Childhood Education. We are also exploring opportunities to be a GED location for young local adults. There are many possibilities on the horizon for this new year, all of them exciting.

Sincerely,

**Jayne Carroll**

# NEW TRUSTEES JOIN THE BOARD

In December, the Board of Trustees for the Children's Home appointed three new members. These Trustees will assist the rest of the Board in guiding the direction of the Children's Home while overseeing operations and finances during their term. Each Trustee serves a three year term, and may be renewed to serve up to three terms for a total of nine years.

Rev. Brian Carr began his career with the Methodist Church in Florida when he was hired as the youth director at St. Luke's United Methodist Church in Windermere back in 1991. He was appointed pastor in the Florida Annual Conference in 1998. As a volunteer at the Warren Willis Summer Camp in Leesburg, Rev. Carr worked with youth from the Children's Home on many occasions. He is currently serving at First UMC in Port St. Lucie.

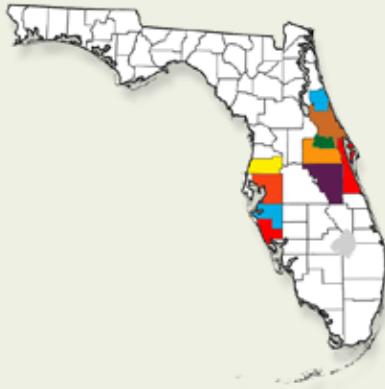

David Holland started his career as a CPA in Jacksonville in 1992. Shortly thereafter, he was recruited into the insurance industry where he discovered his passion for financial services. In 1997, he launched Holland Financial, an independent financial firm in Ormond Beach where he continues his thriving business. He is a member of Tomoka UMC.

Madelyn Simon Lozano is executive director of the Methodist-founded Epworth Village Retirement Community in Hialeah. Previously, she practiced law in Miami, specializing in construction litigation. She has also been a tenured English professor at Miami-Dade College and a volunteer Guardian ad Litem. She is a member of Kendall UMC in Miami.

# CHILDREN'S HOME EXPANDS WITH OUTPATIENT SERVICES

*Circle of Friends Services provides outpatient therapy services in Flagler, Volusia, Seminole, Orange, Brevard, Osceola, Pasco, Hillsborough, Manatee, and Sarasota Counties*

*Barbara Defazzio, Vice President of Outpatient Clinical Services*

In an effort to expand our service continuum to the families and children of Florida, the Children's Home is excited to announce the addition of the Circle of Friends Services, a non-profit community health provider, as one of our service lines. Since it was founded in 2009, Circle of Friends has expanded to provide services in ten counties across Central Florida.

Circle of Friends will continue its rich history of providing exceptional therapeutic care and enable the Children's Home to expand services; including:

- **Individual/Family Therapy.** Therapists use a combination of individual and family therapy to address the changing needs of the family unit as they progress toward permanency. Therapists are Adoption Competent Trained and have received extensive training in trauma treatment.
- **Infant Mental Health.** Therapists specially trained in working with the zero to five year old population provide early intervention strategies for children as well as their caretakers.
- **Psychiatric Evaluations and Med Management** (Seminole and Volusia counties only). Services are provided by a bilingual (Spanish), Board Certified Child Psychiatrist for children and youth 18 and younger.
- **Supervised Therapeutic Visitations.** Therapists mentor parents and children in a therapeutic setting to make visitation part of a healing experience.
- **Comprehensive Behavioral Health Assessments.** All children in the state of Florida receive this comprehensive assessment as the initial step in planning for the child's permanency. The child's developmental, medical, educational and emotional needs are all assessed as a way of developing a meaningful plan for the child's successful future.

This means that we will now be able to provide needed services to more children who are dealing with abuse, neglect, domestic violence, and other difficulties, and provide those services in their home, at their school, or in a clinical setting.

Barbara Defazzio, one of the founders of Circle of Friends, will continue to oversee these services as the Vice President of Outpatient Clinical Services, and serve as a member of the Children's Home Leadership team.

Our ability to expand into this area and provide these much needed services to an underserved population is just another example of what your generous support is doing for children across the state.

# ESTATE PLANNING MADE EASY

*In a nutshell, estate planning is really what you want done with what you own. The good news is that you can provide for the people and causes important to you by taking simple steps now. Creating your plan for the future can be easy and even enjoyable.*

While an attorney should always draft your will, we can help demystify the process and prepare you for meeting with your attorney with these simple steps:

## ITEMIZE YOUR ASSETS

1

Take a piece of paper and draw a line down the middle. On the left side, write something you own. On the right side, write the name or names of the person(s) you wish to receive that item or asset.

## ORGANIZE YOUR ESTATE

2

Make the process of organizing your estate and plans even easier by downloading our free wills guide. This fill-in-the-blank guide walks you through the process of gathering information about what you own, your family, and your goals. Or, call us and request a copy.

## WRITE DOWN QUESTIONS

3

Consider practical questions, such as, "If I give my house to my adult son and my adult daughter, what will they do with it?" If you come up with a question that you can't seem to find a solution for, make a note to ask your attorney.

## REVIEW YOUR PLANS FOR FAMILY

4

You can give some assets to family right away and others over time. Ask us how you can provide an income stream or a lump sum to a loved one and achieve your personal and inheritance goals.

## CONSIDER CHARITY

5

Remember to include any charities that are important to you in your plan. If you have given during life, then consider providing for these organizations through your estate. Ask us about plans like charitable remainder trusts and gift annuities that can help your family and our mission.

## VISIT YOUR ATTORNEY

6

Bring the information you have gathered and questions to your attorney. Your attorney can draft a will or trust that will achieve your goals. You complete the plan through a simple signing process.

7

## UPDATE YOUR PLAN

Update your estate plan as your life changes. Marriages, births, and deaths are all events that may make you want you to revise your plans.

# TYRESE'S STORY

Tyrese is a young man who came to the Florida United Methodist Children's Home from an abusive home environment. He lived here at the Children's Home for more than four years, and flourished because of your generous support. We recently sat down with Tyrese, asked him about his past, how the Children's Home had helped him, and what his plans were going forward.

## **How did you come to live at the Children's Home?**

*"I grew up in Fort Worth, Texas with my two older brothers and younger sister. My mom and dad went to prison when I was about eight, so we went to live with our grandmother. After a couple of years with her, we went to live with my uncle in Florida. That didn't work out well. From there I lived in a series of group homes and then went into foster care."*

*"When I was about ten, me and my siblings were adopted. But that became an abusive situation where I was blamed for things that were not my fault, and my adoptive siblings frequently beat me up. From there I went back into foster care. One day, a case manager gave me a brochure for the Children's Home and said I could live there if I wanted to. That was when I was 14 years old."*

## **What impact did life at the Children's Home have on you?**

*"First of all, I was safe at the Children's Home. And I was surrounded by people who really cared about me and my success. I learned to become more independent as I got older. Through the carpentry classes I learned to make Adirondack chairs that I could show at the state fair and sell. Then I got my first real job at Papa John's when I was 17. When I was 18, I transitioned to the Independent Living Program."*

## **How did the Independent Living Program help you?**

*"When I first got there, it seemed like they had more rules than the residential cottage I was in. I didn't like it at first, but I*

*adjusted, and realized that they were working to help me become a better person and a successful adult. "*

## **Where do you go from here?**

*"I've decided to join the U.S. Army, and I'm looking forward to learning everything they can teach me. I really like the teamwork. I'm very athletic, so I also like the physical training part. And the military offers a lot of benefits."*

**On January 1, 2019, Tyrese left the Children's Home to begin basic training with the U.S. Army. And for now at least, we'll hold a spot for him in the Independent Living Program so he'll have a place to go home to during leave.**
